

ANMPICON 2026
02–04 October 2026

02 OCTOBER 2026
FRIDAY

Time	Session	Scientific Component	Chairperson	Speaker / Moderator / Panelist	Topic
09:00	Artificial intelligence	Lecture	Prof Manishi L Narayan, All India Institute of medical sciences , Rishikesh; Dr Kalpa Jyoti Das, National Cancer Institute , Jhajjar; Dr. Jayanta Das, Tata Medical Centre , Kolkata	Dr. Parag Aland, Saifee Hospital, Mumbai	AI in Nuclear Medicine: productivity gain or oblivion?
09:15	Artificial intelligence	Lecture	Prof Manishi L Narayan, All India Institute of medical sciences , Rishikesh; Dr Kalpa Jyoti Das, National Cancer Institute , Jhajjar; Dr. Jayanta Das, Tata Medical Centre , Kolkata	Dr Jasim Jaleel, National cancer institute , Jhajjar	Integrating AI in Daily Nuclear Medicine Practice
09:30	Artificial intelligence	Lecture	Prof Manishi L Narayan, All India Institute of medical sciences , Rishikesh; Dr Kalpa Jyoti Das, National Cancer Institute , Jhajjar; Dr. Jayanta Das, Tata Medical Centre , Kolkata	Dr Vijay Harish, Rajgiri Hospital, Kerala	Response evaluation with AI models
09:45	Artificial intelligence	Lecture	Prof Manishi L Narayan, All India Institute of medical sciences , Rishikesh; Dr Kalpa Jyoti Das, National Cancer Institute , Jhajjar; Dr. Jayanta Das, Tata Medical Centre , Kolkata	Dr Bangkim Chandra Khangembam, All India Institute of Medical Sciences , New Delhi	Translational AI in Clinical Nuclear Medicine: A Firsthand Perspective

10:00	Thyroid	Lecture	Dr Pattatheyil Arun, Tata Medical Centre Kolkata; Dr Dhanapathi Halanaik, Jawaharlal Institute of Postgraduate Medical Education and Research , Puducherry; Dr Rajeev Kumar, Apollo Hospital , Ahmedabad	Dr. Sayak Choudhury, Advanced Centre for Treatment, Research and Education in Cancer , Mumbai	Recombinant TSH in management of thyroid cancer: guidelines and challenges
10:15	Thyroid	Lecture	Dr Pattatheyil Arun, Tata Medical Centre Kolkata; Dr Dhanapathi Halanaik, Jawaharlal Institute of Postgraduate Medical Education and Research , Puducherry; Dr Rajeev Kumar, Apollo Hospital , Ahmedabad	Dr Chandra Teja Reddy Fortis, Hospital Bengaluru	Radioiodine with TKI combination therapy in metastatic thyroid cancer: when and how?
10:30	Thyroid	Lecture	Dr Pattatheyil Arun, Tata Medical Centre Kolkata; Dr Dhanapathi Halanaik, Jawaharlal Institute of Postgraduate Medical Education and Research , Puducherry; Dr Rajeev Kumar, Apollo Hospital , Ahmedabad	Dr Gayana Shankaramurthy , Kempegowda Institute of Medical Sciences , Bangalore	Redifferentiation therapy in radioiodine refractory thyroid cancer: drugs and protocols
10:45	Thyroid	Lecture	Dr Pattatheyil Arun, Tata Medical Centre Kolkata; Dr	Dr. Nishikant Avinash Damle, All India Institute of Medical	Beyond radioiodine: radionuclide based therapies in papillary and follicular

			Dhanapathi Halanaik, Jawaharlal Institute of Postgraduate Medical Education and Research , Puducherry; Dr Rajeev Kumar, Apollo Hospital , Ahmedabad	Sciences, New Delhi	carcinoma thyroid
11:00	Tea Break				
11:30	Neurology	Lecture	Dr Mandakinee Phukan, Gauhati Medical College and Hospital , Guwahati; Dr Vaibhav Seth, Kolkata; Dr Pankaj Sinha, All India Institute of Medical Sciences , Patna	Dr. Ram Kumar, Ramchandra Hospital , Chennai	FDG PET-CT in Autoimmune Encephalitis: correlation of serotypes with metabolic phenotypes
11:45	Neurology	Lecture	Dr Mandakinee Phukan, Gauhati Medical College and Hospital , Guwahati; Dr Vaibhav Seth, Kolkata; Dr Pankaj Sinha, All India Institute of Medical Sciences , Patna	Dr Shwetal Ghule Pawar, Krishna Institute of Medical Sciences , Thane	Amyloid brain PET in era of Disease Modifying Agents: ready for prime time?
12:00	Neurology	Lecture	Dr Mandakinee Phukan, Gauhati Medical College and Hospital , Guwahati; Dr Vaibhav Seth, Kolkata; Dr Pankaj Sinha, All India Institute of Medical Sciences , Patna	Dr Ameya Puranik Tata Memorial Hospital , Mumbai	PET RANO 1.0: an overview
12:15	Neurology	Lecture	Dr Mandakini Phukan, GMCH, Guwahati; Dr Vaibhab Seth, Kolkata; Dr	Dr Madhavi Tripathi, AIIMS, Delhi	Radioligand Therapy of Brain Tumors: the future looks bright

			Pankaj Sinha, AHMS, Patna		
12:15	Clinical talk	Lecture		Dr Partha Ghosh	Clinical Impact of recent technological advancement in PET-CT
12:30	Hepatobiliary	Lecture	Dr Tanveer Rather, Sher-i-Kashmir Institute of Medical Sciences , Srinagar; Dr Kanhaiyalal Agarwal , All India Institute of Medical Sciences , Bhubhneshwar; Dr Sayan Paul, Manipal Hospital, Kolkata	Dr. Ishita B Sen, Fortis Memorial Research Institute, Gurgaon	Glypcan based PET imaging in HCC: the saviour we were waiting for?
12:45	Hepatobiliary	Lecture	Dr Tanveer Rather, Sher-i-Kashmir Institute of Medical Sciences , Srinagar; Dr Kanhaiyalal Agarwal , All India Institute of Medical Sciences , Bhubhneshwar; Dr Sayan Paul, Manipal Hospital, Kolkata	Dr Suneetha B , Asian Institute of Gastro-enterology , Hyderabad	FAPI PET-CT in hepatobiliary malignancy: advantages and challenges
13:00	Hepatobiliary	Lecture	Dr Tanveer Rather, Sher-i-Kashmir Institute of Medical Sciences , Srinagar; Dr Kanhaiyalal Agarwal , All India Institute of Medical Sciences , Bhubhneshwar; Dr Sayan Paul, Manipal Hospital, Kolkata	Dr Sumeet Suresh Malapure, Manipal hospital , Mangalore	FLR estimation before liver resection and liver directed therapy: biology triumphs anatomy
13:15	Hepatobiliary	Lecture	Dr Tanveer Rather, Sher-i-Kashmir Institute of Medical Sciences , Srinagar; Dr Kanhaiyalal	Dr Mansoor Mohiuddin , Care Hospital , Hyderabad	PET-CT response assessment after liver-directed therapies

			Agarwal, All India Institute of Medical Sciences , Bhubhneshwar; Dr Sayan Paul, Manipal Hospital, Kolkata		
13:30	Lunch				
14:30 - 15:00	Panel Discussion	Panel Discussion	Dr Ranadheer Mantri, Sri Venkateswara Institute of Medical Sciences, Tirupati (Panel Moderator)	Dr Anish Bhattacharya, Post Graduate Institute of Medical Education and Research , Chandigarh; Dr Patha Choudhury, Rajiv Gandhi Cancer Institute and Research , Delhi; Dr B A Krishna, Hinduja Hospital, Mumbai; Dr Soumendranath Ray, Tata Medical Centre, Kolkata	Human Resource development for Nuclear Medicine in India: eyes on future
15:00	Endocrinology	Lecture	Dr Varun Dhull, Yashoda Medicity Hospital , Noida; Dr Sujoy Ghosh, Institute of post graduate medical education and research hospital, Kolkata ; Prof Nilanjan Sengupta, Kolkata	Dr Karuna Luthra, HN Reliance Hospital , Mumbai	CXCR-4 PET-CT in hyperaldosteronism: pearls and pitfalls
15:15	Endocrinology	Lecture	Dr Varun Dhull, Yashoda Medicity Hospital , Noida; Dr Sujoy Ghosh, Institute of post graduate medical education and research hospital, Kolkata ; Prof Nilanjan Sengupta, Kolkata	Dr Dikhra Khan, Mahatma Gandhi Cancer Hospital & Research Institute , Visakhapatnam	Nuclear imaging of pheochromocytoma and paraganglioma
15:30	Endocrinology	Lecture	Dr Varun Dhull, Yashoda Medicity Hospital , Noida; Dr Sujoy Ghosh,	Dr Sunny Gandhi, Zydus Hospital , Ahmedabad	Parathyroid Imaging with PET-CT: Flurocholine versus Trivehexin

			Institute of post graduate medical education and research hospital, Kolkata; Prof Nilanjan Sengupta, Kolkata		
15:45	Endocrinology	Lecture	Dr Varun Dhull, Yashoda Medicity Hospital, Noida; Dr Sujoy Ghosh, Institute of post graduate medical education and research hospital, Kolkata; Prof Nilanjan Sengupta, Kolkata	Dr Varun Shukla, TMC, Chandigarh	Exendin PET-CT in insulinoma and congenital hyperinsulinism
16:00	Dr S K Sharma Oration to Dr Shrikant Solav				
17:00	Inauguration				
18:00	GBM				
20:00	Dinner				

03 OCTOBER 2026
SATURDAY

Time	Session	Scientific Component	Chairperson	Speaker / Moderator / Panelist	Topic
09:00	PSMA theranostics	Lecture	Dr Ravinder Sidhu, Atulya Hospital Ludhiana; Dr Manish Ora, Sanjay Gandhi Post Graduate Institute of medical sciences , Lucknow; Dr Tanweer Shahid, Apollo Hospital, Kolkata	Dr Harish Goyal, Jawaharlal Institute of Postgraduate Medical Education and Research , Pondicherry	Lu-PSMA therapy in management algorithm of prostate cancer: evidence based practice
09:15	PSMA theranostics	Lecture	Dr Ravinder Sidhu, Atulya Hospital Ludhiana; Dr Manish Ora, Sanjay Gandhi Post Graduate Institute of medical sciences , Lucknow; Dr Tanweer Shahid, Apollo Hospital, Kolkata	Dr Parveen Kundu, Rohtak Nuclear Medcare , Rohtak	Lu-PSMA therapy in patients with renal dysfunction: how to proceed?
09:30	PSMA theranostics	Lecture	Dr Ravinder Sidhu, Atulya Hospital Ludhiana; Dr Manish Ora, Sanjay Gandhi Post Graduate Institute of medical sciences , Lucknow; Dr Tanweer Shahid, Apollo Hospital, Kolkata	Dr Aftab Hasan Nazar, Sanjay Gandhi Post Graduate Institute of medical sciences , Lucknow	Lu-PSMA PRLT: extended therapy and rechallenge
09:45	PSMA theranostics	Lecture	Dr Ravinder Sidhu, Atulya Hospital Ludhiana; Dr Manish Ora, Sanjay Gandhi Post Graduate Institute of medical sciences , Lucknow; Dr Tanweer Shahid, Apollo Hospital, Kolkata	Dr Dharmender Malik , Fortis Memorial Research Institute , Gurgaon	What's stopping Ac-PSMA? looking beyond costs

			Kolkata		
10:00	PET interventions	Lecture	Dr Shefali Gokhale , Apollo Hospital Pune; Dr Somnath Pandey, Peerless hospital, Kolkata	Dr Rakesh Kumar, All India Institute of Medical Sciences, New Delhi	FDG PET–Guided Biopsy in Oncology: When Morphology Fails
10:15	PET interventions	Lecture	Dr Shefali Gokhale , Apollo Hospital Pune; Dr Somnath Pandey, Peerless hospital, Kolkata	Dr Rajender Basher, Post Graduate Institute of Medical Education and Research , Chandigarh	PSMA PET guided biopsy in prostate cancer: advantages, results and challenges
10:30	PET interventions	Lecture	Dr Shefali Gokhale , Apollo Hospital Pune; Dr Somnath Pandey, Peerless hospital, Kolkata	Dr Tarun Kumar Jain, Mahatma Gandhi Hopsital, Jaipur	PET guided radio frequency ablation
10:45	PET interventions	Lecture	Dr Shefali Gokhale , Apollo Hospital Pune; Dr Somnath Pandey, Peerless hospital, Kolkata	Dr Jay Kumar Rai, Balco, Raipur	PET-CT based radiotherapy planning: beyond FDG
11:00	Tea Break				
11:30	FAP theranostics	Lecture	Dr Madhavi Chawla, Gangaram Hopsital ,New Delhi; Dr Sandeep Taparia, ARHI Hospital , Guwahati	Dr Jaspriya Bal, Max Hospital, Saket	FAPI: focussing on the negatives
11:45	FAP theranostics	Lecture	Dr Madhavi Chawla, Gangaram Hopsital ,New Delhi; Dr Sandeep Taparia, ARHI Hospital , Guwahati	Dr Avani Jain, Bhailal Amin General Hospital , Vadodara	Selection of patients for FAP theranostics
12:00	FAP theranostics	Lecture	Dr Madhavi Chawla, Gangaram Hopsital ,New Delhi; Dr Sandeep Taparia, ARHI Hospital , Guwahati	Dr Indraja Dev , Advanced Centre for Treatment, Research and Education in Cancer , Mumbai	FAP theranostics in epithelial cancers and sarcomas
12:15	FAP theranostics	Lecture	Dr Madhavi Chawla, Gangaram Hopsital ,New Delhi; Dr Sandeep Taparia, ARHI Hospital , Guwahati	Dr. Ritesh Suthar, Gujarat Cancer and Research Institute, Ahmedabad.	FAP-RADS v. 1: an overview
12:30	Cardio-	Lecture	Dr Atul Verma,	Dr Santhosh Sampath,	18F-Flupiridaz: will it bring

	pulmonology		Fortis Escort Hospital , Delhi; Dr Arindam Pande, Manipal Hospital , Kolkata, Dr Saujatya Chakraborty, Apollo Hospital , Kolkata	Rela Hospital , Chennai	the Nuclear cardiology renaissance?
12:45	Cardio-pulmonology	Lecture	Dr Atul Verma, Fortis Escort Hospital , Delhi; Dr Arindam Pande, Manipal Hospital , Kolkata, Dr Saujatya Chakraborty, Apollo Hospital , Kolkata	Dr Sunita Sonavane, Radiation Medicine Centre , Mumbai	Nuclear Imaging of cardiac amyloidosis: diagnosis and response assessment
13:00	Cardio-pulmonology	Lecture	Dr Atul Verma, Fortis Escort Hospital , Delhi; Dr Arindam Pande, Manipal Hospital , Kolkata, Dr Saujatya Chakraborty, Apollo Hospital , Kolkata	Dr Vikram Lele, Jaslok Hospital , Mumbai	Myocardial Blood Flow and Coronary Flow Reserve measurements with PET and SPECT
13:15	Cardio-pulmonology	Lecture	Dr Atul Verma, Fortis Escort Hospital , Delhi; Dr Arindam Pande, Manipal Hospital , Kolkata, Dr Saujatya Chakraborty, Apollo Hospital , Kolkata	Dr Mudalsha Ravina, All India Institute of Medical Sciences , Raipur	FAPI PET in Interstitial Lung Disease: A Novel Imaging Biomarker
13:30	Lunch Break				
14:30 - 15:00	Panel Discussion	Panel Discussion	Dr Venkatesh Rangarajan, Tata Memorial Hospital, Mumbai (Panel Moderator)	Dr Nikunj Jain; Dr Karuppiah Kumerasen, KK Nuclear Scans , Dr Sameer Taywade, All India Institute of Medical Sciences , Nagpur, Dr Deepanjan Mitra, North City Diagnostics, Kolkata	Regulatory approvals in Nuclear medicine: challenges and updates
15:00	Infection/inflammation	Lecture	Dr Noaline Sinha, Artemis Hospital, Gurugram, Dr Soumyadip	Dr Alok Dixit , Jaipur PET-CT Centre, State Cancer Institute, SMS Medical college Jaipur	PET-CT in FUO: interpretation is the key!

			Chatterji, Tata Medical Centre, Kolkata		
15:15	Infection/inflammation	Lecture	Dr Noaline Sinha, Artemis Hospital, Gurugram, Dr Soumyadip Chatterji, Tata Medical Centre, Kolkata	Dr Divya Manda, Sterlings Hospital , Ahmedabad	FAPI PET-CT for infection imaging: a path less travelled
15:30	Infection/inflammation	Lecture	Dr Noaline Sinha, Artemis Hospital, Gurugram, Dr Soumyadip Chatterji, Tata Medical Centre, Kolkata	Dr Prateek Kaushik, Metro Hospital, Faridabad	SSTR PET-CT imaging for cardiac infection/inflammation
15:45	Infection/inflammation	Lecture	Dr Noaline Sinha, Artemis Hospital, Gurugram, Dr Soumyadip Chatterji, Tata Medical Centre, Kolkata	Dr Girish Kumar Parida, All India Institute of Medical Sciences , Bhubneshwar	FDG PET-CT in management of tuberculosis
16:00	Dr R D Lele Oration to Dr Sandip Basu				
17:00 - 17:30	Panel Discussion	Panel Discussion	Dr Madhur Srivastava, Nizam Institute of Medical Science , Hyderabad (Panel Moderator)	Dr Ritu Verma, Mahajan Imaging, Delhi, Dr Rasika Kabnurkar , Jupiter Hospital , Mumbai, Dr Keerti Sitani, Radiation Medicine Centre , Mumbai, Dr Karun Sethi, Getwell Polyclinic and Hospital , Dr Karthikeyan Subramanian, Post Graduate Institute of Medical Education and Research Chandigarh	Neurology medical board
17:30	Radionuclide Therapy	Lecture	Dr Shelley Simon, Apollo Chennai, Dr Amburanjan Santra, Netaji Cancer Research	Dr. Swagat Dash, Sarvodaya Hospital, Faridabad	Tb-161 vs. Lu-177: theoretical vs. real world advantages

			Institute, Kolkata, Dr Aadil Adnan, Manipal Hospital, Kolkata		
17:45	Radionuclide Therapy	Lecture	Dr Shelley Simon, Apollo Chennai, Dr Amburanjan Santra, Netaji Cancer Research Institute, Kolkata, Dr Aadil Adnan, Manipal Hospital, Kolkata	Dr. Dinesh Kumar Gauthaman , Apollo Hospital , Chennai	¹⁶¹ Tb-DOTATATE therapy in patients with NET
18:00	Radionuclide Therapy	Lecture	Dr Shelley Simon, Apollo Chennai, Dr Amburanjan Santra, Netaji Cancer Research Institute, Kolkata, Dr Aadil Adnan, Manipal Hospital, Kolkata	Dr Manikandan M Venkatachalam, Advanced Centre for Treatment, Research and Education in Cancer , Mumbai	Combination chemotherapy with PRRT: is there enough evidence?
18:15	Radionuclide Therapy	Lecture	Dr Shelley Simon, Apollo Chennai, Dr Amburanjan Santra, Netaji Cancer Research Institute, Kolkata, Dr Aadil Adnan, Manipal Hospital, Kolkata	Dr Arun Ravi John, Army Hospital , Bangalore	Alpha beyond Actinium: where to now?
18:30	Dinner				

04 OCTOBER 2026
SUNDAY

Time	Session	Scientific Component	Chairperson	Speaker / Moderator / Panelist	Topic
09:00	Oncology	Lecture	Dr Nandini Pandit, Jawaharlal Institute of Postgraduate Medical Education and Research, Pondicherry, Dr Debapriya Mondal, Fortis hospital Kolkata, Dr Rana Danda, Spandan Diagnsotic, Kolkata	Dr Abhishek Kumar, Tata Main Hospital, Jamshedpur	PET CT imaging of medullary thyroid cancer
09:15	Oncology	Lecture	Dr Nandini Pandit, Jawaharlal Institute of Postgraduate Medical Education and Research, Pondicherry, Dr Debapriya Mondal, Fortis hospital Kolkata, Dr Rana Danda, Spandan Diagnsotic, Kolkata	Dr Deepanksha Dutta, All India Institute of Medical Sciences, Jodhpur	PCI in ovarian cancer: which PET tracer to choose?
09:30	Oncology	Lecture	Dr Nandini Pandit, Jawaharlal Institute of Postgraduate Medical Education and Research, Pondicherry, Dr Debapriya Mondal, Fortis hospital Kolkata, Dr Rana Danda, Spandan Diagnsotic, Kolkata	Dr Manoj Gupta, Rajiv Gandhi Cancer Institute and Research, Delhi	FES PET CT in breast cancer: the next frontier
09:45	Oncology	Lecture	Dr Nandini Pandit, Jawaharlal Institute of Postgraduate Medical Education and Research, Pondicherry, Dr	Dr Rijju G, LISIE Cancer centre, Kochi	Case selection framework: FDG vs FAPI clinical comparison

			Debapriya Mondal, Fortis hospital Kolkata, Dr Rana Danda, Spandan Diagnsotic, Kolkata		
10:00	Immunotherapy	Lecture	Dr Shalmoli Bhattacharya, Post Graduate Institute of Medical Education and Research Chandigarh, Dr Sayantani Sinha, Tata Medical Centre, Kolkata	Dr Jayakanth Amalachandran Apollo Proton Cancer Centre, Chennai	Immunotherapy Response evaluation with PET-CT: overcoming the challenges
10:15	Immunotherapy	Lecture	Dr Shalmoli Bhattacharya, Post Graduate Institute of Medical Education and Research Chandigarh, Dr Sayantani Sinha, Tata Medical Centre, Kolkata	Dr Megha Prabhu, Amrita Hospital , Faridabad	PET-CT after CAR-T cell therapy: navigating the traps
10:30	Immunotherapy	Lecture	Dr Shalmoli Bhattacharya, Post Graduate Institute of Medical Education and Research Chandigarh, Dr Sayantani Sinha, Tata Medical Centre, Kolkata	Dr Manjit Sarma , Amrita Hospital , Kochi	Immune related adverse events on PET-CT: miss me not
10:45	Immunotherapy	Lecture	Dr Shalmoli Bhattacharya, Post Graduate Institute of Medical Education and Research Chandigarh, Dr Sayantani Sinha, Tata Medical Centre, Kolkata	Dr Anand Zade, Apollo Hospital , Navi Mumbai	FDG PET-CT in paraneoplastic syndromes

11:00	Tea Break				
11:30	Oncology	Lecture	Dr Vandana Dhingra, All India Institute of Medical Sciences , Rishikesh, Dr Kausik Chatterjee, Anandalok PET-CT scan center, Siliguri	Dr Shashank Singh, Global Healthcare, Lucknow	NI-RADS for Posttreatment Surveillance Imaging of Head and Neck Cancer
11:45	Oncology	Lecture	Dr Vandana Dhingra, All India Institute of Medical Sciences , Rishikesh, Dr Kausik Chatterjee, Anandalok PET-CT scan center, Siliguri	Dr. Harmandeep Singh, Post Graduate Institute of Medical Education and Research , Chandigarh	PET-CT in Cavernous Sinus Syndrome: illuminating the way!
12:00	Oncology	Lecture	Dr Vandana Dhingra, All India Institute of Medical Sciences , Rishikesh, Dr Kausik Chatterjee, Anandalok PET-CT scan center, Siliguri	Dr Sagar Maharjan, Kathmandu	Critical findings on PET-CT: be vigilant!
12:15	Oncology	Lecture	Dr Vandana Dhingra, All India Institute of Medical Sciences , Rishikesh, Dr Kausik Chatterjee, Anandalok PET-CT scan center, Siliguri	Dr Alok Pawaskar, Akshay Diagnostic centre , Sangli	PSMA PET-CT in non prostate malignancies
12:30	Beyond the routine	Lecture	Dr Satyawati Deswal, Dr. Ram Manohar Lohia Institute of Medical Science , Lucknow, Dr Debasish Chowdhury, Apollo Hospital, Kolkata	Dr Sneha Shah, Tata Memorial Hospital , Mumbai	Pregnancy and Nuclear Medicine: how to thread the needle?

12:45	Beyond the routine	Lecture	Dr Satyawati Deswal, Dr. Ram Manohar Lohia Institute of Medical Science , Lucknow, Dr Debasish Chowdhury, Apollo Hospital, Kolkata	Dr Sugandha Dureja, House Of Diagnostics, New Delhi	Patient advocacy groups in Theranostics: collaboration is essential
13:00	Beyond the routine	Lecture	Dr Satyawati Deswal, Dr. Ram Manohar Lohia Institute of Medical Science , Lucknow, Dr Debasish Chowdhury, Apollo Hospital, Kolkata	Dr Anshu Rajnish Sharma, Kokilaben Dhirubhai Ambani Hospital and Medical Research Institute , Mumbai	Tele-Nuclear Medicine: Focus on medical ethics
13:15	Beyond the routine	Lecture	Dr Satyawati Deswal, Dr. Ram Manohar Lohia Institute of Medical Science , Lucknow, Dr Debasish Chowdhury, Apollo Hospital, Kolkata	Dr Soumita Shankar Datta, Tata Medical Centre Kolkata	Medical Ethics
13:30 - 14:00	Panel Discussion	Panel Discussion	Dr Archi Agrawal, Advanced Centre for Treatment, Research and Education in Cancer , Mumbai	Dr Kumarswamy Kallur, HCG hospital, Bangalore; Dr Indirani M, Apollo Hospital Chennai; Dr R V Parameswaran, Manipal Hospital, Bangalore; Dr Chetan Patel, All India Institute of Medical Sciences, New Delhi	Next decade in Nuclear Medicine: Stargazing
14:00	Lunch Break				
15:00	Valedictory function
